49 YEARS OLD

Hen Noonmutter says he sees by the city papers that St. Mary's college is going to be sold for its debts.

"College is a nice, refined business", he says. Says he wouldn't mind running a college except for the overhead which is heavy because the football team eats so much. Says he will pay 50 cents cash for the campus and 50 cents plus a plugged nickel if Slip and the team are thrown in.

We hear that the little spruce trees donated by George Roeding, jr., of the California nursery, as souvenirs of Niles at the national convention of the Junior Chambers of Commerce were very well received.

The sort of advertising is very valuable.

The nursery asks little of the township, yet never fails to co-operate with local people in such matters.

There is a new ice company in Centerville. There is to be a renewed activity at the Garin packing shed. Niles payrolls are looking up. Irvington has prospects for a new cannery and something yet may be done with the Reid Bros. plant.

All these things are developing before the 1939 bay fair. Think how lively things will be when the fair is under way.

This district is due for a real boom in the next five years.

The Paul Doughertys, who are building a new home on the John Santos road, opposite the last frontier of Washington township, i. e., Sycamore, are having a difficult time to make up their minds about the trees on their place. There are several which are technically speaking, in the way, yet they can't bring themselves to cut them down.

We suggest that the Niles school board plan the new building with an eye to a junior high school structure in the near future. There is no need to worry about the cost of a building for such a purpose; if it comes, it will be a union district. But now is the time to consider campus arrangements for such a structure.

W. B. Kirk, who is the deadliest enemy weeds and plant diseases have in these parts, received kudos this week from Gordon B. Laing, Alameda county agricultural commissioner. Mr. Laing told local business men that Kirk pioneered in this district in the fight against puncture weed and that his activity has undoubtedly saved farmers hereabouts many thousands of dollars.

PASHOTE WILL NEGOTIATE FOR FIREMEN'S BUILDING

NEWARK—Chief Joseph Pashote of the Newark Fire Department was instructed to write the Southern Pacific Railway Company regarding purchase of a piece of land on which to construct a \$5,000 fire hall and club room for firemen. The land under consideration is located in the center of town at Thornton and Ashe street and is 50 by 125 feet.

Further plans were also made at this week's meeting for the annual dance to be given by the department on July 31 at the Swiss Hall.

Silva and three children, Manuel D., Elbert and Earl, and was the son of Mrs. Rita Lewis Silva of Milpitas, the brother of Jesse Silva of Warm Springs, Frank and William of Milpitas, Joseph and George of San Francisco and Mrs. Alvin Gaspar of Mountain View, also the brother-in-law of Mrs. Frank Garcia and Mrs. Tony Garcia of Milpitas.

He was a member of the I. D. E. S. Lodge No. 71 of Warm Springs. Services from Berge's Mortuary were followed with mass at St. Joseph's Church at Mission San Jose and interment at the Holy Ghost cemetery in Centerville.

Hot Sunday Draws Thousands To Resorts Along Niles Canyon

FATHER MCCARTHY ANNOUNCES SUMMER MASS SCHEDULE

NILES—Special schedules for Summer masses at the Corpus Christi Church at Niles and the Holy Rosary Church at Decoto have been announced by Father Francis McCarthy, pastor. The early mass will be held at 7:30 a. m. and the second at 9 a. m. The first mass will be held alternately at the Niles and Decoto churches during July and August. CASTLEWOOD CLUB HAS OFFICIAL SUMMER OPENING

SUNOL—The official opening for Summer was celebrated at the Castlewood Country Club last Saturday and Sunday with approximately 100 present for the first of a series of dinner dances on Saturday night. For the rest of the Summer the pool will remain open Saturday nights and an orchestra has been engaged for dancing.

NILES—The new \$700,000 highway at Niles will be open to traffic in a week or ten days, states W. J. Dedy, engineer in charge. The project will not be formally completed until about the middle of August but in order to complete paving it will be necessary to route Oakland-San Jose traffic and that from Centerville to Niles over the new highway.

The bridge near the Schuckl cannery will be torn down about the second week of July and the cut in the present Niles highway will be made the first week of July. The sum of \$7,000 has been set aside for destroying the old bridge, for whose salvage the Chamber of Commerce and other civic organizations made a futile fight several months ago. Engineers state that even if the old bridge were left it would deteriorate without constant maintenance.

The six new underpasses each include two five-foot sidewalks. Twenty percent of the highway is of concrete, the rest of plant-mixed surfacing, laying of which latter material will begin this week.

More than 300 men have been employed on the highway project, which was started last July. Work was held up by heavy rains this winter and by inability to get materials because of strikes.

WOMAN ESCAPES FINE FOR SPEEDING BUT LISTENS TO STIFF LECTURE

CENTERVILLE — A lecture which spectators commented was harder to take than a \$10-fine was given Alice Jane Sollee of 3815 Park Boulevard, Oakland by Judge Allen G. Norris last Friday at the justice court when the defendant was brought into court on a complaint signed by Highway Officer A. Krause on a charge of speeding. The judge suggested that a less antagonistic attitude toward officers of the law would be beneficial and that while he found it a "disagreeable duty" to find the defendant not guilty, Officer Krause had done the right thing to cite her for alleged 62 miles an hour in a 45-mile zone between Decoto and Niles. Inasmuch as the defendant had a past record of 15 years' driving and no citations and the fact that traffic was mild, according to the spirit of the law the judge decided there should be no fine. "It is the duty of the officer to cite those who exceed the speed limit and they do so to protect the safety of all on the highway", said the judge. The defendant, a nurse, claimed she was taking a patient to San Jose under rush orders from his physician.

During Fournier's term the office has advanced from a third to a second-class office, the only one between Hayward and San Jose. Commendation was expressed to him this week by leading industrial firms in this community who have had the service of the local office during the past four years.

Enos has been employed as deputy collector in the treasury department of the Internal Revenue office at San Francisco for the past four years; which office he took shortly after graduating from the University of California. He also attended the Oakland College of Law, which he is still a student. He is the son of Mr. and Mrs. Jos. Enos, Sr., pioneer residents of Washington Township, who recently celebrated their golden wedding with a party dinner at the Nevada hotel. He graduated from the Niles Grammar School and from Washington Union High School. He is 27 years of age and unmarried.

The first notice of Enos' appointment was received here Tuesday. Four years ago, he was one of 14 applicants for the position but after Fournier's appointment, had not thought of the matter again. The announcement on Tuesday, coming as a complete surprise. The appointment is a promotion or Enos both financially and otherwise.

Determined a Newspaper of General Circulation by U.S. of the Superior Court (Department 6), of Alameda County, California.

If Schuckle does not reopen his cannery by next season at the latest, there is every likelihood that another cannery company will come to Niles—provided, of course, that food prices maintain their present trend.

Niles is the logical place for a cannery and all canners, including Schuckle realize it. Townspeople should make every effort to interest canning companies in locating here. The time is ripe for action on this matter.

This newspaper has repeatedly stated that the prosperity of Niles should not be dependent upon where the highway is routed.

There are very few towns in the world which are prosperous because of the tourist trade.

Stop fretting about the road. Do your fretting about new industries for Niles, and the road can go hang.

Editor, Township Register,
Niles, Calif.

Dear Sir:

I note your editorial, in June 25
issue, on the matter of how the
children of certain districts are to
get to and from school. I have
also noted your other items in for-
mer issues on the disadvantages
arising from the proposed de-
struction, if carried out, of the
old bridge and portion of highway.

Being a public question, I have
advised others on one or two oc-
casions, and I now suggest to you,
that if the old bridge and portion
of highway contemplated have not
yet been destroyed, they can be
saved by a legal, or court pro-
ceeding, at no great expense; and
if saved, no doubt or at any rate,
very likely, the Board of Super-
visors would then take jurisdiction
and maintain them, in fact, I
think the Board could then be
compelled to do so.

I am fully aware of all pro-
ceedings heretofore taken to save
the bridge, etc., but I do not know
whether demolition has yet actu-
ally taken place. Action should
be commenced before other efforts
for bus etc. are started.

Yours truly,

CENTERVILLE PUPILS
WIN PRAISE
FOR PERFORMANCE

CENTERVILLE—George, "Bud" Emerson made an outstanding hit at the Centerville Grammar School operetta at Washington Union High School. His interpretation of the part of "Lem", eccentric caretaker of the Geoffrey ranch brought plenty of laughs and subsequent congratulations.

Also excellent was Richard Marriott in the part of an outwardly serious-minded student but at the bottom of the "galloping ghost" trouble. Vocal solos by Kathryn Telles were a distinct addition to the production and the choruses were exceptionally well-done. Mrs. George Silva who directed the operetta, was highly praised.

Supt. Dayid E. Martin was speaker of the evening. He stated only one other school in the county had equalled the high reading average of the Centerville school. Both he and Judge Allen G. Norris clerk of the board, who presented the diplomas, commended Principal Tom Maloney for the progress made by the school.

Gifts were presented to Mrs. Silva and to Mr. Maloney by the students. Presentations were by Richard Marriott and Robert Carv. Piano solos were given by Ruth Dougherty between acts. Others who took leading parts in the operetta were Robert Cary, Shirley Shedd, Rudolf Edward Brazil, Ruth Dougherty and groups of dancers and singers.

MISS CLAIRE STEELE WEDS GEORGE LOWRIE AT OAKLAND SERVICE

CENTERVILLE — Miss Claire Steele, daughter of Mr. and Mrs. Marshall Steele of Berkeley, became the bride of George Patterson Lowrie, Jr., at a ceremony performed at the Women's Athletic Club in Oakland Saturday morning at 11 o'clock. Only the two families and relatives were present in addition to the wedding party.

The marriage rites were said by the Rev. Clarence Reidenbach before the flower-banked mantel in the French lounge of the Women's Athletic Club. The bride wore a tulle ensemble in blue with a braided cape to which was fastened a corsage of orchids and lilies-of-the-valley. She carried a white

prayer book. Following the marriage a wedding breakfast was served. Decorations were all in white, a white satin cloth and white roses, snapdragons and stock formally arranged in centerpieces on mirrors.

After the breakfast, the couple left for a motor trip on their honeymoon to be spent in the north. The bride attended the University of California, graduating last year. She was a member of the Alpha Chi Omega Sorority. The groom is the son of Mr. and Mrs. George Patterson Lowrie of Centerville. He also attended the University of California and graduated from the agricultural college at Davis. The couple will reside in Niles on the Niles-Mission Road.

'Panther' Williamson 'Tells All' About Scout Camp

By Johnny Williamson

NILES—I left home at seven in the morning, I had packed my duffel previously and was ready to start. I arrived at Diamond Camp about five minutes to eight. When I arrived there I took my duffel bag out of the car and got in line with the other boys. We had to line up so that we might turn in our bank money (we were not allowed to have coin), also we had to have a doctor examine us to make sure that we were physically well. After we had yone through other red tape we were assigned to cabins. About ten o'clock all of the parents were asked to leave. We were then given ticks (cloth bags to be used for mattresses) to fill with straw. We placed these on our steel cots and began to unpack our luggage. At eleven thirty, we had a general swim. The boys who could not swim well were put in a small pool which was fenced off from the deeper end. We then established our buddy system. This system forces us to stay out of the pool unless we have a buddy to swim with. When the buddy call is sounded we are all to grasp our buddy's arm to show that we are swimming with each other and in watchinb each other. At twelve fifteen we had mess and boy, oh a well place for a boy to spend boy, what food. After mess we

had an hour rest period and then we went on a tour of the camp where we were shown all the facilities in camp. After that we were allowed to work on craft, or anything else we wanted to. There was a leader for every activity we took part in. We had dinner that night, and all the rest of the nights, for a matter of fact, at six o'clock. After dinner we had a campfire. During the campfire everybody was given a chance to put on a skit. After the campfire was over they blew taps. We had several places around camp to spend all of our time and most of our money. First of all there was the swimming pool, craft shop, woodturning shop and the nature den (bug house.)

On the last night of the last day we had a court of honor and a camp program put on by the scouts. On that night the camp was filled with people. The members of the staff are Mr. Bemiss, Mr. Flanders, Mr. Duncan, Mr. Caine, Mr. Barnett, Mr. Wolstoff, Mr. Johnson, Joe Selestchio, the cook.

Camp Diamond will be open for the rest of the summer. If you expect to swim bring your registration card. I think that camp Diamond is fifteen we had mess and boy, oh a well place for a boy to spend boy, what food. After mess we

BROTHERS VISIT
MRS. ED. WHITE

Mr. Will Lovejoy of San Francisco was in town last Thursday calling on his sister Mrs. Ed White.

Among the strange hearsays is the one that the hide of a Camel does not heal. If the animal receives a cut on its body or on a leg, the owner sews a piece of leather over the wound. When the Camel is old often times he has a considerable number of patches distributed over his body.

We can be glad that human beings don't have that characteristic or we might be covered with patches. Our method of treatment is far better. Check your medicine cabinet and first aid kit then see us. We will be glad to go over it with you so that if the emergency arises you will be prepared.
